MAN IN BLACK'S DARKEST SECRETS REVEALED!

Johnny Cash crossed the line between true and false

Anita and sister June Carter

JOHNNY CASH SEDUCED JUNE'S KID SISTER - AND GOT HER PREGNANT!

THE Man in Black had a heart darker than his clothes — not only did Johnny Cash seduce his wife's little sister, his entire outlaw image was fake!

Those are the shocking bombshells dropped by insiders after a CMT TV documentary, *American Rebel*, whitewashed Cash's sensational secrets!

"Johnny's life was more outrageous than any country song," charges an insider.

"He admitted his addictions to booze and drugs, but there was so much more he tried to conceal," including his womanizing ways.

Johnny's wandering eye — which wrecked his first marriage to Vivian Liberto — nearly ruined his 35-year marriage to June Carter Cash when he got her kid sister, Anita, pregnant!

"Desperate to hide the truth, Anita aborted Johnny's love child," says a source. "But June found out about the betrayal" and started talking divorce. Johnny convinced her to stand by him — and they stayed together until they both died in 2003. But Johnny tried to take even more secrets to his grave.

His country bad boy image was built on outlandish claims: He was NOT part-Cherokee; the famous scar on his chin was the result of pulling a scab off a cyst, not a bullet; and his grandmother didn't die in a buffalo stampede. "He just made that up," says a source.

It turns out the biggest of Cash's whoppers is the story of his own life.

ANGIE'S LOVE FEST WITH SEXY NANNY!

**BACK RUBS, RED WINE AND A LUXURY
GETAWAY BEHIND BRAD'S BACK**

BISEXUAL Angelina Jolie admits she's in love with her children's sultry nanny – and now friends fear her marriage to Brad Pitt is in deep trouble!

Angie, 40, dropped the bomb on her 51-year-old hubby after she and luscious Lena Gould were seen in London holding hands and sipping margaritas – with Brad no where in sight.

And the Maleficent star acknowledged she'd bonded with Lena in recent months, spending long nights talking and massaging each other's bodies! The women even spent a night at an exclusive five-star resort – behind Brad's back – drinking red wine and getting girly in fluffy bathrobes and slippers!

Although Angie insists the relationship is strictly professional, she admitted to Brad she has an emotional connection with the 36-year-old brunette who takes care of her six kids.

Still, it wouldn't be Angie's first same-sex fling. She fell for model and actress Jenny Shimizu in 1996 – then married her first husband, Jonny Lee Miller, months later.

Now an insider sees Lena as a threat to Angie's marriage because the buxom babysitter seems to have reawakened the Lara Croft star's wild and adventurous streak that was dominant before she met Brad.

Lena, who is regarded as a terrific nanny, rides motorcycles and flies planes

Recent problems between Brad and Angelina have caused her to seek comfort elsewhere

L.A., Angie has been leaning on Lena to help her support Maddox, 14, Pax, 11, Zahara, 10, Shiloh, 9, and twins Knox and Vivienne, 7, in London.

Trusted confidante Lena has even persuaded Angie to take better care of her emotional and physical health.

The results have been a more relaxed and happier Angie who is gaining weight again, getting enough sleep and staying away from cigarettes. She's in a happier place.

"Angie calls it a love affair," says the source. "But it's mostly a meeting of minds, which gives Angie someone who understands her and gives her strength."

in her spare time. Angie is an avid motorcyclist, too!

The pair apparently became tighter after Angie's 20-month-old union hit a rocky patch earlier this year amid reports of fierce fights and talks with divorce lawyers.

LONELY and reclusive Doris Day, 91, is planning her own funeral – and leaving her entire fortune to her beloved dogs, say sources.

her vast Carmel, Calif., estate, courageously waiting for the end.

Doris, who's recorded 800 hit songs and been in 39 films, is now so crippled by agonizing arthritis, she needs a cane to get around. She's also reportedly plagued by urinary infections, kidney problems and failing eyesight, and cared for by a nurse.

"She's at the point where she doesn't want to leave the house anymore," says Sydney Wood, her former housekeeper and confidante.

Adding to Doris' deep sorrow is her

cancer.

Sydney believes well-known animal lover Doris plans to cut Ryan out of her will and leave her es-

timated \$34 million to her beloved pooches.

"Everything she has she wants to go to the animals," says Sydney. "It's sad."

WORN-out and fragile Gene Wilder is in such terrible shape friends fear the beloved funnyman has only months to live.

The 82-year old Willy Wonka legend shocked spectators when he made a rare public appearance at the US Open tennis final earlier this month.

All skin and bones, the actor seemed barely able to get around as he was helped along by his wife, Karen, 73.

"I didn't recognize him at first," says a source. "He was so frail. He didn't look like he has long for this life."

Gene was diagnosed with non-Hodgkin's lymphoma in 1999 and underwent chemo and stem cell transplant treatment. He has been spending his final days hidden from the world, holed up in his Stamford, Conn., country mansion.

Shocking decline

Although his wife insists Gene is cancer free, his shocking decline raises grave concerns among neighbors that the disease may have returned.

"Gene has only wisps of hair left from his once famously frizzy mop, something that might suggest he's back on chemo," says the source.

"We just don't know at this point because Gene and his wife have never been one to complain, and they keep his health woes pretty close to the vest."

Adds a worried neighbor: "There's fear around here that the cancer has returned and he could be gone in months. Everyone's praying that's not the case, but he looks awful, like he's dying."

“I liked Los Angeles and Hollywood for a while, but after 10 years I came back here and thought, ‘I never want to go back,’” says Gene, whose first wife, Gilda Radner, died of ovarian cancer in 1989.

He finally quit acting in 2003 and later explained, “I don’t like show business, I realized. I like show, but I don’t like the business.”

The fragile *Blazing Saddles* comic is no fan of modern movies.

“I’m tired of watching the bombing, shooting, killing, swearing and 3-D,” he says. “I get 52 movies a year sent to me, and maybe there are three good ones.”

And don’t even mention the *Willy Wonka & the Chocolate Factory* remake starring Johnny Depp — Charlie and the Chocolate Factory.

QUEEN TAKES CROWN AWAY FROM WILLIAM & KATE!

Dying Elizabeth de

IN a shocking about face, Queen Elizabeth has decided to keep the Throne as long as she can, leaving Prince William and his gorgeous wife Kate feeling bewildered and betrayed, sources tell GLOBE.

"It's like psychological torture for the young royals," an insider says.

"They've been preparing themselves mentally for the responsibility of ruling, and now the rug's been pulled from under them."

As GLOBE reported last week, Her Majesty was planning to step down in favor of her favorite grandson and his wife, both 33, bypassing her son, Charles, 66.

After a poll revealed the vast majority of Britons wanted William as the next King, he agreed to succeed his grandmother during a meeting at Elizabeth's Scottish retreat, Balmoral, following the celebrations marking her milestone as Britain's longest reigning monarch.

But it turns out she was jumping the gun.

"The Queen spoke to William days before she was given a secret report she'd commissioned on the future of the Monarchy," the source says. "It found that while William and Kate are wildly popular, most believe they are not ready to rule and should be concentrating on raising their adorable young children, George and Charlotte."

"And extra time will give Kate, especially, the

opportunity to learn more about what her duties should be as Queen."

Stronger than ever

Though 89-year-old Elizabeth has suffered through a series of debilitating and life-threatening health woes, she was given a terrific boost by the worldwide outpouring of love as she surpassed Queen Victoria's reign of 63 years, seven months and two days in September.

"Elizabeth was delighted

OUTRAGE! Cheater Charles QUESTIONS Kate's virtue!

PRINCE CHARLES has delivered his squeaky-clean daughter-in-law an outrageous slap in the face - by working behind the scenes to make sure she ONLY has female bodyguards so she won't be tempted to cheat!

While the rest of the royals are protected by men, "Charles demanded women only from the day Kate and William became engaged because he didn't want her 'compromised,' " says a former protection officer.

Fumes an insider, "What an insult! He's thinking about his late wife, Diana, who had an affair with her bodyguard, Barry Mannakee.

"It's like he's calling her a trollop, just like he called Di. Charles also forgets that it was he who drove Princess Diana into other men's arms by carrying on with Camilla."

"Kate's character is above reproach and she doesn't deserve such a disgusting dig at her virtue." Mannakee died in a motorcycle accident eight months after the affair was revealed.

And many blamed Charles.

by the well wishes from all over the Commonwealth," the source says.

"It definitely made her peppier, and I'm sure it played a part in her decision to stay on the job."

Plus, her crusty 94-year-old husband, Prince Philip, told her this was no time to quit — and she could trigger a constitutional crisis by abdicating now.

"Philip agrees with the report's findings. He says William and Kate are too

inexperienced and need time to enjoy being young parents," says the insider.

"But he also told her not to let 'that witch Camilla' or 'lily-livered Charles' anywhere near the crown. He said their oldest son doesn't have the backbone to be King and the thought of Camilla as Queen was just 'too much to bear.' "

Meanwhile, 68-year-old Charles' scheming second wife, the Duchess of Cornwall, has been given fresh hope of indeed becoming Queen after hearing

Elizabeth won't be abdicating.

"Camilla wasted no time getting in touch with her estranged husband," says another source.

"She knows she has a hold on him — and despite being banned from the Palace, Camilla's certain she can win him over and restore their marriage.

"Then she can work on him to fight for his birthright — and make her dream to be Queen come true."

MONTHS after little Lily Groesbeck was pulled from her mother's car in a Utah river, the toddler has made a full recovery and now provides the motivation to keep her grieving father going!

"We have Lily back," Lily's uncle, Trent Trafny, tells GLOBE. "That's a gift in itself."

Trent's brother, Deven, was engaged to Lily's mom, Jennifer, when she was tragically killed in the March 7 accident.

Lily miraculously survived nearly 14 hours in the overturned car as it sat partially submerged in the freezing river.

Her father remained strong throughout his now 21-month-old daughter's recovery, even while her late mother's family tried to gain custody.

"Deven won the custody battle," Trent adds.

ALKING MIRACLES!

Savage sharks bit off their arms, but they refuse to quit!

IN A summer filled with frightening shark attacks, two North Carolina youngsters survived uncannily similar attacks.

On June 14, 12-year-old Kiersten Yow's right leg was mauled, and she lost her left arm in a vicious shark attack.

Following surgeries on her amputated arm and lacerated leg, Kiersten adjusted to her new reality and left doctors at the University of North Carolina Children's Hospital thrilled with her

improvement.

"Kiersten continues to amaze her entire care team with her upbeat, can-do attitude," says a spokesperson.

Just 90 minutes after Kiersten's attack, a shark charged 16-year-old Hunter Treschl two miles away!

Hunter says he first thought a big fish had brushed against him. "And then the shark bit my left arm off!" recalls Hunter. "I have to try to

live a normal life with the cards I've been dealt."

Guardian angels protect girl who crawled from plane crash

ADORABLE Sailor Gutzler's dream vacation turned into a nightmare when her family's small twin-engine plane crashed in the remote woods of Kentucky.

The crash on Jan. 2 claimed the lives of Sailor's father and mother – Marty and Kimberly – her sister, Piper, 9, and cousin, Sierra Wilder, 14.

Somehow, Sailor, 7, survived and crawled out of the fallen plane. With her wrist broken, clothes

in tatters and shoes missing, she walked through thick woods in 38-degree weather to a home more than a mile from the flaming wreckage.

After the horrific crash, a fund was set up for Sailor. She now lives under the guardianship of her half-sister, Kasie Dlubala, and her husband, Daniel, in her family home in Nashville, Ill.

"Kasie and Danny are committed to creating as much stability as possible for Sailor," says a rep from the guardian program.

Impress Your Eye Doctor with Outstanding Lens, Retina and Macular Health

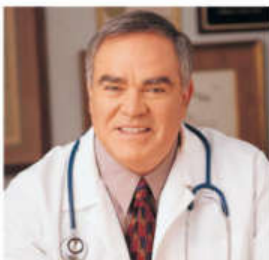

Demand skyrockets past 4 million bottles for breakthrough doctor-formulated vision solution

Are you one of the millions taking an eye health supplement hoping for sharper focus, better night vision, less eye strain and anti-aging protection—but you haven't "seen" any real difference? Read on to find out why!

Vitamin Fraud?

"Supplement makers must think consumers are blind and can't clearly see the fraud that exists in store brand supplements. For example, they make claims of improving vision with lutein but only give you 5-10 mg—when the clinical studies demand more!" says Dr. Whitaker of the famous Whitaker Wellness Institute, who has been in medicine more than 35 years and is a leader in the natural health revolution.

"If vitamin makers didn't SKIMP so badly, your eyesight would be a lot sharper and better protected..."

Julian Whitaker, MD

Friends, family members, and patients have turned to Julian Whitaker, MD, for an effective solution to their vision concerns. He developed what is now being called the "Rolls-Royce" of eye health supplements, Vision Essentials.

University Study Confirms Lutein Promotes Macular Health & Visual Acuity!

A recent study shows that you can improve your macular health by getting the proper dosage of lutein in your daily diet. Shockingly, few, if any, other eye supplements contain the researched dosage of 15 mg of lutein found in Vision Essentials®. Why?

"They are trying to skimp on crucial ingredients to make a better profit while Americans watch their eye health deteriorate," argues Dr. Whitaker.

Lutein is only one of the nutrients in Vision Essentials that is "left out" of other eye formulas. It's responsible for helping improve macular health, visual acuity and glare tolerance.

Black Currant Shown to Improve Night Vision in 30 Minutes!

Black currant in a 200 mg dose has been shown in clinical studies to produce measurable improvements in night vision and your ability to adapt from light to dark within 30 minutes.

"The ability to adapt to darkness is essential for driving a car after dark, or performing any task in dim light. This antioxidant-rich powerhouse must be included in any vision supplement," agrees Bill Gottlieb, a

30-year veteran of the health and wellness industry, "but I've only been able to find it in Dr. Whitaker's formula."

"I was not able to drive at night. When I had meetings after 4:00 p.m. I would not attend, and that was a problem. Since taking Vision Essentials, I've been driving at all times in the night; the light from oncoming cars no longer bothers me. It has truly helped my eyes,"* says Elaine Jennings.

"Lutein improves glare tolerance and visual acuity—IF you take the right amount!"

Leading Store Brand Formula Fails to Meet Clinical Standards

One of the leading store brands of eye vitamins geared toward adults 50+ only includes 5 mg of lutein, 1 mg of zeaxanthin, and zero black currant.

These three ingredients alone have been shown at clinical doses to improve visual acuity, night vision, and blood flow to the eyes.

Eye-Health Vitamin Cocktail Guarantees Results

Vision Essentials includes the clinical dose of each ingredient in a special combination to improve the health of every part of your eye.

"There are 17 powerful nutrients in Vision Essentials. Each and every one is crucial to healthy eyes, especially as they'll give you real results that you and your doctor will be able to notice. I guarantee you'll see the difference after just one bottle or you won't pay for it," promises Dr. Whitaker.

Mrs. G. Love confirms, "since taking it, my night vision improved."**

Exclusive blend of 17 powerful, clinically researched nutrients not available in stores!

"If you've noticed difficulty reading menus, your cell phone, or books, if your eyes get tired or driving at night has become uncomfortable, you need this essential vision nutrition. Dr. Whitaker's formula is the gold standard when it comes to natural eye health supplements," reports Gottlieb.

Jan Shorey is ecstatic with her results, "I've been taking Vision Essentials for 17 years and I can honestly say that at age 67 I can see better than ever before. My results have been so impressive that four of my friends are taking it as well, all with good results."**

Alice is believed to be a 62-year-old blonde woman living in the South. It is said the two have known each other for years, but have never been seen publicly together. She has been urging Hillary to come clean about her sexual preferences.

“And Hillary is going to come out publicly as a gay woman before her

says. If her poll numbers sink lower, advisors will push her to discuss “her sexuality in a special sit-down interview with Ellen,” says the source.

“She wouldn’t admit she’s an out-and-out lesbian, but confess that she sought the comfort of women to ease the pain of Bill’s serial cheating.”

Fooling America

Hillary was the guest on Ellen’s Sept. 10 season premiere and their closeness was obvious. The host gushed to the White House candidate:

“You are the smartest, most qualified person for this job.”

Coming clean could win Hillary a tidal wave of support.

The Clintons will mark their 40th wedding anniversary on Oct. 11. The insider reveals Hillary is ready to say she stayed married to Bill “because she didn’t want to humiliate daughter Chelsea.”

“Hillary is also prepared to talk frankly about her ongoing battle with alcoholism,” the insider adds. “But she is now convinced she turned to the bottle to deal with the pressures of hiding her true sexuality.”

Insiders say it makes sense politically for Hillary to publicly declare she’s gay. “Her campaign is crumbling right now and needs something to kick it back into gear,” the insider reveals.

Bill told his lover:
‘She’s been with more women than I have!’

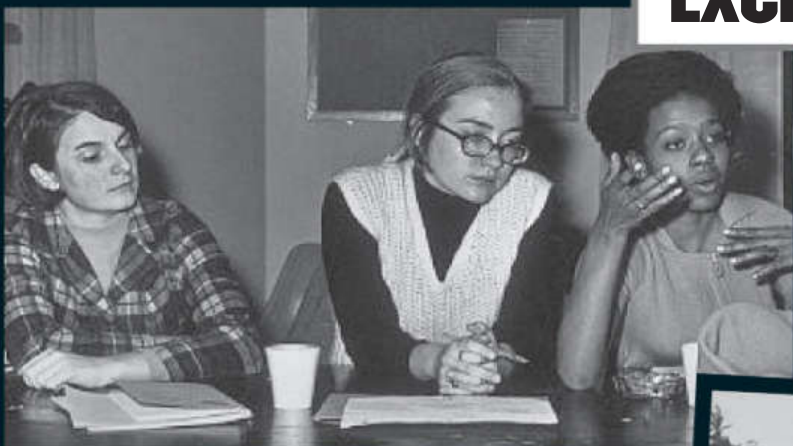

Lesbian rumors have followed Hillary for years since she had a gay roommate in college. Bill’s former mistress Gennifer Flowers once wrote Bill told her his wife “has been with more women than I have.”

Questions also surround the relationship between Hillary and her top aide Huma Abedin, the exotic beauty who shares her most intimate confidences.

The fact that Hillary is gay explains why she’s put up with hubby Bill’s constant cheating and a loveless marriage, insiders say.

“It explains a whole hell of a lot,” a source notes. “But I don’t buy the fact that she didn’t divorce him because she didn’t want to embarrass their daughter. It was a marriage of convenience. She used him for political reasons and he did the same. It’s that simple. They both tried to fool America.”

GLOBE EXCLUSIVE

Lesbian rumors have dogged Hillary (center and far right) since she was a student at women’s liberal arts college Wellesley in the late 1960s

using her private account to send top-secret e-mails while she was Secretary of State. She has maintained 31,000 of her personal messages were deleted. But the Washington Post reports those e-mails could likely be recovered.

According to a source, who has talked to one of Hillary’s senior advisors, more than 600 of those electronic messages are to a woman who goes by the pseudonym of “Alice.”

“I’m told the e-mail exchanges

e-mails can be leaked. She fears Donald Trump is just itching to expose her and reveal the truth,” says the source.

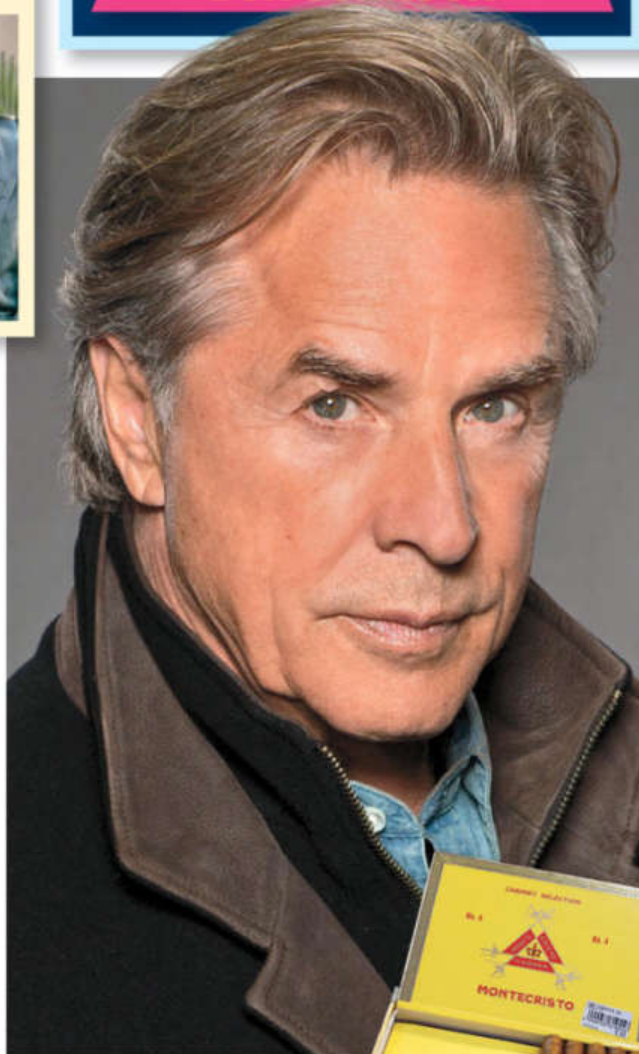

So Hillary is turning to her pal, Ellen DeGeneres, for help and has discussed her problems during a series of long and intimate midnight phone calls with the gay talk show host, the insider

FED-UP WORKER KILL

VENGEFUL driver Julian Ospina-Florez shot and killed his nightmare boss Debra Rivera AND her husband as bloody payback for the nasty way she talked to him and other employees.

Before jurors convicted Julian Ospina-Florez for murdering Debra and her doctor hubby, Hector Rivera, Tampa, Fla., prosecutors conceded she was a vicious, sharp-tongued Boss from hell whose favorite target was Ospina-Florez.

Even so, prosecutors asked for the 35-year-old to get the death penalty – since he deliberated tried to cover up his role in the bloodbath by staging the crime scene to look like a home invasion.

Cops learned of the vicious slayings on Jan. 9, 2012, when a weeping Ospina-Florez called 911 from the couple's mansion. He claimed his boss and the doctor were killed by intrud-

ers who overpowered him and tied him up. He begged the dispatcher to “get somebody here fast. They killed my boss! I was working ... they catch me. They tie me.”

When police arrived, they found 76-year-old Hector lying dead in a pool of blood on the driveway, riddled by four bullets. The retired osteopath was shot in the back, head, chest and arm.

They also found Ospina-Florez with a zip tie around one of his wrists.

And in one of the six bedrooms of the swanky, \$1.1 million, 11,000-square-foot home, they found 55-year-old Debra's body lying face down. She had been shot twice in the face.

But cops smelled a rat almost immediately.

“His story was not plausible,” says Hillsborough County Sheriff David Gee. “We fixed on him as the suspect the first night.”

VICTIMS

Abusive boss Debra Rivera and her husband, Dr. Hector Rivera, were coldheartedly gunned down

LOSING CAUSE

Defense attorney Charles Traina couldn't keep the jury from convicting Ospina-Florez in the double murder

Investigators found no sign of a break-in at the home in the exclusive, heavily-guarded gated community surrounded by eight-foot stone walls.

And Ospina-Florez couldn't describe the attackers.

Although he claimed he'd been beaten, he showed no bruises or signs of injuries.

And the zip ties that supposedly bound him were far too loose.

But his fate was ultimately sealed by the damning crime scene.

Cops found a sickening

trail of bloody footprints leading away from Hector's body. When Ospina-Florez removed his shoes, they found his socks drenched with gore.

They also found the 9mm Luger murder weapon hidden under a ping-pong paddle in a kitchen drawer at the home. Later, police discovered he'd bought the gun and the bullets found in the victims' bodies.

Prosecutors say Ospina-Florez and Debra had just returned from a trade show in her Cadillac Escalade when he shot her dead. Then, he

S BOSS FROM HELL!

Shooter faked home invasion to cover up **HIS BLOODY TRAIL**

Cops found plenty of damning evidence at the Riveras' 11,000-square-foot mansion in Tampa, Fla.

ambushed her husband when he returned to the home with take-out food.

The coward shot Hector through a glass door and chased him down the driveway where he mercilessly blasted him three more times.

The disgruntled employee had worked eight months for Debra, who ran a knockoff jewelry and accessories business called Distinctive Creations from her home.

Just days before the slayings, she accused the Colombian native, who is a naturalized U.S.

citizen, and other employees of stealing \$30,000 of her merchandise.

Later, lawmen found missing merchandise worth thousands of dollars at Ospina-Florez's townhouse and other evidence linking him to the bloodbath.

But what really set him off was the way his boss spoke to him.

A prosecutor noted the killer fired one shot "through the mouth that demeaned and belittled and chastised him."

FIENDISH FATHER

TWISTED TEACHERS ARE KID PORN PERVS! -COPS CHARGE

But creeps may cheat justice

SICKO SON

A DEPRAVED 67-year-old teacher kept his kiddie porn habit in the family – sharing his twisted passion with his 37-year-old son! Police arrested the terrible twosome for a shocking variety of kinky crimes.

But despite what cops insist is a mountain of evidence proving their guilt, the men may get away with a relative slap on the wrist! Prosecutors are suggesting a plea deal that would send the perverted pair away for two years – at their vacation home in Florida!

Robert David Caldwell and his son, Robert David Caldwell II, were nabbed after police discovered a trove of photographs, videos and computer files containing child porn at their shared Pennsylvania home.

The deviant dad is a retired social studies teacher. And his warped son had been working as a substitute teacher – until

his out-of-control behavior was reported to the authorities!

Tawdry texts

The son raised flags by sending obscene text messages and showing a pornographic picture to male students from his phone during school hours, according to police.

When parents discovered the tawdry texts on their son's phone, they alerted school officials. Other boys reported the teacher liked to talk dirty – and even showed them a porno-picture on his cellphone during school, lawmen say.

The twisted teacher made “inappropriate comments” to students while working at school,” Pennsylvania State Police Trooper Stefani Lucas explains.

While searching the elder Caldwell's bedroom closet, investigators say they found a photo of what appeared to

be a teenage boy exposing his genitals. Then cops found in both men's closets more images including film of underage boys swimming, showering and wrestling naked.

Plea bargain could let them stay in their Florida vacation home

The father and son were arrested on a child pornography charges. And the younger Caldwell faces additional charges including unlawful contact with a kid, sexual abuse of children and corruption of minors.

The accused men's lawyer, David J. Shrager, said his

clients “are greatly stressed over the accusations. They were respected members of the community.”

But not everyone agrees with that description.

“One of the more disturbing aspects to this is the lack of surprise from those who knew them,” says a local source.

Plea deal offered

The two suspected sex fiends have been offered a plea bargain that could keep them out of prison – and allow them to serve their sentence at their home in Florida!

The father has a tentative offer of six to 23 months of “punishment,” while his son has been offered 11 to 23 months.

“They have a house in Florida” and sending them there as part of a deal “would achieve them getting out of the community,” says Assistant District Attorney Meghann Mikluscak.

All three shows were stinkers. But they didn't smell half as bad as Melissa's dirty, little plan to make money off the 9/11 tragedy.

Yeah, you heard me write... **MAKE MONEY OFF THE 9/11 TRAGEDY!**

It seems Melissa publicly ranted on the 14th anniversary of the tragedy that the television news networks weren't doing enough to pay tribute to those who died. And she added that if the Kardashians can be covered "24/7" the networks should dedicate the day to remember the 9/11 tragedy.

I have no arguments with that type of thinking. But it was all BS from MJH! It was just a setup.

TAKEN tough guy Liam Neeson's shockingly gaunt appearance has friends and family terrified his health is dangerously deteriorating, say sources.

The barely recognizable movie action man drew shocked gasps from onlookers as he walked through the streets of New York City recently, even prompting fans to wonder if the famously strapping Irishman is secretly suffering from some form of cancer.

"He's had serious health issues in the past, but he never looked as close to the final curtain as he does now," explains a source. "We can only pray he takes a turn for the better."

Liam, 63, was hospitalized with diverticulitis in the late 1980s and had 40 percent of his colon removed. In 1996 he underwent surgery for an intestinal blockage and in 2000, he broke his pelvis when his motorcycle slammed into a deer. He always managed to bounce back and his reps insist he's healthy and doesn't have cancer.

A heavy burden

"But these days he looks beaten down, like he's got the weight of the world on his shoulders," says a source. "Whatever's wrong with him, it must be serious," says the source.

The health rumors spread after an interview in which Liam said he would like to retire soon and that his career in film making will likely end in the next two years. "Maybe two years — if God spares me and I'm healthy," he said.

Sources say the loss of his beloved wife, Natasha Rich-

but later, she complained of headaches and was rushed to the hospital in Quebec, Canada. By the time Liam arrived, "she was on life support," the actor said. "I went in, I told her I loved her and I said, 'Sweetie, you're not coming back from this, you've banged your head.'"

Says the source: "Liam has never recovered from losing Natasha — she was his everything."

"Despite the way he appears, his people say he couldn't be healthier. But he looks like he's dying of a broken heart even after all these years."

ACTION man Robert Conrad once cheated death after a booze-fueled car wreck but now the *Wild Wild West* hunk is a shadow of his former self and wasting away, sources tell GLOBE.

"Bob is frail and bent over and can barely walk on his own," says an insider. "He is hardly recognizable."

Robert, 86, who played secret agent James T. West on television from 1965 to 1969, suffered devastating injuries in 2003 when he drunkenly drove across the median on a California two-lane highway and slammed head-on into another vehicle.

His neck and spinal cord were damaged, leaving his right arm and leg paralyzed. Now, he's declined to the point where "he looks ready to keel

over at any minute."

The once-agile actor and stuntman "has to use a cane or get help from an assistant," adds the source.

Although Robert still hosts a weekly radio call-in show on CRN Digital Talk Radio, it's clear that "time is running out," the source says. "It's a sad end for one of Hollywood's biggest tough guys."

A 'MAGIC' BREAKTHROUGH IN ARTHRITIS TREATMENT!

A NEW treatment for rheumatoid arthritis that uses electronic implants to block pain works like "magic," researchers say. Scientists say the device offers new hope for patients whose pain has resisted the most modern, powerful medicines.

The revolutionary new treatment, tested as part of a study at the Academic Medical Centre in Amsterdam, uses small, pacemaker-type devices embedded in the neck to send electrical impulses that help people move afflicted body parts.

"I have my normal life back," said Monique Robroek, who took part in the Dutch study. She said she previously required the strongest drugs to help ease her pain. But then she tried the electronic technique. "Within six weeks, I felt no pain! The swelling has gone. I go biking, walk the dog and drive my car. It's like magic."

Think of it as a kind
of "pacemaker" for
your joints

Her results are not unique: Scientists have seen an improvement in the conditions of more than half of the patients in their trial.

"Even in patients who have failed everything, including the most modern pharmaceuticals, we have seen a clear trend of improvement," Prof. Paul-Peter Tak, a rheumatologist at the Dutch hospital, told reporters.

"We may be able to achieve remission in 20 percent to 30 percent of patients, which would be a huge step forward in the treatment of rheumatoid arthritis."

The condition, which affects 1.5 million Americans, causes joint pain, swelling, stiffness and fatigue. It is the second most common form of arthritis, and the most common inflammatory joint disorder.

Researchers hope the same technique could reverse other chronic conditions, including asthma, obesity and diabetes.

FEMALE VIAGRA: 7 THINGS EVERY WOMAN SHOULD KNOW

A new drug, popularly known as "female Viagra," should be available in pharmacies as early as Oct. 17. Here is what you need to know about flibanserin, sold under the brand name Addyi:

IT FAILED FDA APPROVAL TWICE.

For this third review, flibanserin had a new pharmaceutical company and a PR campaign called "Even the Score." The FDA was sensitive to charges of gender discrimination.

IT WAS MEANT AS AN ANTIDEPRESSANT.

German pharmaceutical group Boehringer Ingelheim, the original manufacturer, changed course after noticing that women taking the drug started having more sexual thoughts.

IT DOESN'T WORK LIKE VIAGRA. The blue pill for men is taken just before sex

and increases blood flow to the genitals. Flibanserin must be taken daily before bedtime and affects brain chemicals.

DOES IT ACTUALLY WORK AT ALL?

Only 8 to 13 percent of women who took the drug saw any noticeable improvement over a placebo. They experienced, on average, just 0.5 more "sexually satisfying events" per month.

THERE ARE SIDE EFFECTS. The FDA warns that Addyi can cause severely low blood pressure and loss of consciousness.

DON'T TAKE IT WITH ALCOHOL.

The drug's side effects are more severe when mixed with alcohol.

IT HASN'T BEEN TESTED ON

MATURE WOMEN. Flibanserin was tested and approved for pre-menopausal women only.

RFK'S WIDOW EXPOSED!

ETHEL KENNEDY IS A CHEAPSKATE, RACIST AND VIOLENT MOM

ETHEL Kennedy, the woman once known as “the most admired woman in America,” is exposed as a vicious, heartless racist in an explosive new book.

After her husband Bobby was assassinated when Ethel was 40, the widow racially abused her staff, spent the Kennedy family's money like water, HATED sister-in-law Jackie Kennedy Onassis — and was a terrible mom!

She would regularly fight with son Bobby Jr. On one occasion she beat him with a hairbrush. She also let dogs defecate under the family's dining room table and wouldn't clean it up.

But her kids weren't given

that luxury! If their rooms weren't kept clean, Ethel would make them walk up and down the stairs 50 to 100 times.

Mean & cheap

Ethel's dark side included racist abuse of her staff, according to the book RFK, Jr. by Jerry Oppenheimer. She once scolded a maid for throwing out scraps of paper, screaming: “You stupid n---er, don't you know what you're doing?”

One of Ethel's secretaries, Noelle Fell, told the author: “She would say things like ‘Black people are stupid.’ I really don't think she liked blacks or Hispanics.”

Another maid brought Ethel sanitary pads instead of face cream and was slapped hard in the face by the matriarch. The maid quit on the spot.

MAD MOM

Ethel is a vicious, heartless witch who abused Bobby Jr.

Despite being vastly wealthy, Ethel would bill the Kennedy family for petty expenses, until the family put the brakes on that. She then sold the children's ponies to get extra dough and cut costs.

The author details how Ethel couldn't stand President Kennedy's widow, writing that “Jackie felt Ethel was uncultured, while Ethel referred to her as ‘The Debutante.’”

She also made fun of Jackie's size 10 feet and remarked that JFK's wife was scared to smear her makeup when she sat out the Kennedy touch-football games.”

Oppenheimer also reveals the Kennedy accountants begged Ethel to cut her

spending, but Noelle told him the matriarch would “start pacing the whole house, going, ‘look at this waste!’ ... but that very night they would have caviar and lobster.”

When Bobby married Emily Black in 1979, her family had to pay for the wedding.

Ethel hosted the rehearsal dinner at the fanciest restaurant possible, but never paid the bill — which ran to thousands.

By the time the restaurant owner finally got paid — three years later — he was told by a family member “it should have been a privilege

to serve the Kennedy's and you shouldn't be charging for the dinner at all!”

TOM CRUISE CHEATS DEATH IN COCAINE CARTEL HIT!

TOM CRUISE was the target of an international plot to assassinate him in a plane crash!

That's the shocking scenario being probed by authorities who believe the action star was marked for death by ruthless Colombian drug lords.

The crime bosses are reportedly furious the superstar is filming a movie about one of their own — cocaine cartel smuggler Barry Seal, who turned informant for the U.S. Drug Enforcement Agency. And they are still determined to get revenge on America for dismantling their multi-million dollar enterprise years ago!

Two movie crew members, including stunt pilot Alan D.

Purwin, were killed when their small plane being used in the filming of Cruise's latest flick, *Mena*, mysteriously went down in the Andes near Medellin, Colombia on Sept. 12.

Tom avoided death by minutes in the crash that killed pilot Alan D. Purwin (left)

Just 10 minutes before the twin-engine Aerostar crashed, the 53-year-old Hollywood star was in a helicopter flying the exact same route! Cruise was enroute to Enrique Olaya Herrera Airport — just like the doomed plane, say sources.

"The crash is being blamed on fog and poor visibility, but authorities are hearing from informants that it was a bungled attempt to take down Cruise," says a security expert.

"They thought he would be on that plane!"

"Drug lords who took over after the collapse of the Medellin Cartel have been looking to make the American government pay for its role in breaking up their criminal

operations and engineering the death of leader Pablo Escobar. They've borne a grudge for over 20 years!

International conspiracy

"Taking down Hollywood's biggest star on their own turf would make headlines around the world and would be their way of saying, 'We never forget!'"

"It would be easy for the drug lords to infiltrate the movie set, or airport, and get access to the plane on the ground and sabotage it.

"Investigators will be looking into every possible cause for this tragic crash — and high on the list must be an international conspiracy against a Hollywood superstar."

YOUR HOROSCOPE

For the week of **October 5 - October 11**

by **Emily Hamer-West**

ARIES March 21 - April 20

Chatting up strangers and coworkers is your usual style, but shadowy Neptune warns against spilling the beans about something you – or someone close – would rather not become public. Don't complain if the boss makes big demands – the payoff will be worth it! Look for love with a Leo.

TAURUS April 21 - May 21

Stop whining about your career woes – and wimpy pay-check – and do something about it Bull! Mighty Mercury has your back, so hit the boss up for a raise now. Avoid a spat with a relative or neighbor Saturday – let a third party take the punches! A brisk daily walk pumps up your energy.

GEMINI May 22 - June 21

You've got the upper hand in romance this week, but if a relationship is new, slow down! Take time to get to know someone before making a commitment! Organize your finances during Saturday's Virgo moon. You could find you're owed cash! The number 11 has special significance.

CANCER June 22 - July 22

The cosmos helps you get your money house in order and what feels like a splurge now will quickly become easily affordable – ask a Capricorn for some tips and tricks. It's fine to be a hermit Crab sometimes but pull your head out of your shell and socialize this weekend. Wear red for luck!

LEO July 23 - August 23

Someone's been sitting on the fence about a decision that affects your family, but pushing for an answer now could backfire. Cool fall weather isn't for sun-loving Lions, but a new pal has a fun outdoor activity that brightens your mood!

VIRGO August 24 - September 22

Maybe you believe in magic, or fate, or luck ... but while the sun and Jupiter join, why wait for it? If you want something, go get it! The Leo moon boosts your confidence even further midweek, when you'll score high with potential partners in finance and romance.

LIBRA September 23 - October 23

Money magic is at your fingertips, but hold off on long-term commitments until the sun and Mercury align on Wednesday. Look for ways to earn instead – that idea you keep mulling over is a winner! Single? Someone who stumps for your favorite candidate captures your heart!

SCORPIO October 24 - November 22

Letter-writing may be out of fashion but Mercury in Libra puts you in the mood to send your thoughts to loved ones near and far. Take time to update your resume, too, and get ready for the job offer that's coming your way! The weekend brings travel linked to a friend's nuptials.

SAGITTARIUS November 23 - December 21

Do something YOU want for a change, Archer. Your new me-first attitude might come as a shock to friends or your partner, but they'll adapt, and you need the break! Jupiter favors starting work on the business idea you've been mulling. The doc has the answer for a nagging health issue.

CAPRICORN December 22 - January 20

Mercury sparks your energy to start tasks you've been neglecting – and Mars keeps you motivated to finish! On Saturday, explore new ideas for entertainment and romance. But don't bring that pal who always faults your ideas. For a change, trust yourself – and your keen intuition!

AQUARIUS January 21 - February 18

Wait ... you've put all your eggs in one basket? Better pull some out and start moving your assets around. It's smarter to keep your options open now. A relative's troubles may make your home life a misery – turn off the phone! Single and seeking? Be sure to stop by your favorite weekday coffee spot!

PISCES February 19 - March 20

Your desire for solitude finally wanes, and you feel more like socializing. A chance to make easy money seems almost too good to be true, but when all the cards are on the table, the stars help you read them clearly – and this deal is just what it appears to be: a chance to grow rich! Go for it, Fish!

NEW TALENT
MILLIONAIRE
IS NO DUMMY

Backed by Carrie Ann Inaba and Bruno Tonioli, comeback kid Len Goodman (left) may be the perfect antidote for unpopular judge Julianne Hough (right)

HERE COMES THE JUDGE!

Secret DTWS deal bringing back Len Goodman

Paul Zerdin plays with his puppet friend, Sam

A BRITISH ventriloquist who has performed for the Royal Family – and knows how to treat a lady – won the 10th season of America's Got Talent.

Savvy Paul Zerdin charmed the judges with many characters, but especially a dummy named "Uncle Albert" who flirted shamelessly with judge Heidi Klum – and she loved it!

"I can't believe it. It's the most amazing feeling, and I thank everyone so much for voting for me," he said in a Vine video posted on the show's Twitter feed.

Paul, who has appeared at the Royal Variety Performance, won \$1 million and a show at Planet Hollywood Resort & Casino in Las Vegas.

He got into ventriloquism at age 10 and has weathered some rough shows on the road.

"Someone got up and punched the puppet once, and I thought, 'That's the ultimate compliment,'" Paul said. "He really objected to what the puppet was saying to him!"

DANCING with the Stars has a secret plan to bring back veteran judge Len Goodman mid-season to lift ratings and save the show!

Insiders say executives aren't happy with this season's judge panel, which includes newcomer Julianne Hough, a former pro dancer on the show, and ex-dancer Carrie Ann Inaba.

And execs fear ratings will plummet without Len's chemistry with fellow panelist Bruno Tonioli, 59.

"Everyone was devastated when Len quit last December," says an insider.

"The producers very reluctantly accepted his resignation — but they have never given up their efforts to lure him back.

"They truly believe they need him to save the show!"

Len, who is also the lead judge on the British version of the blockbuster show, *Strictly Come Dancing*, gave up his seat on *DWTS* after 20 seasons. The grueling travel between London and Los Angeles took a terrible toll — so Len quit.

The judge, who had prostate cancer surgery in 2009, also wanted to spend more time

with his wife, Sue Barrett, 49, and his ailing 97-year-old mother, Louisa.

But in a hush-hush move, he has been persuaded to take his old job, says the source.

And Len's return may come in the nick of time for the show. There is already a backlash against judge Julianne. She has been branded "way too critical" and "over the top" by stunned fans.

But bringing Len back will restore balance to the judges' panel, says the source.

"The show's just not the same without him."

Grandpa Mel PLAYING WITH FIRE!

**Knocking up lover, 24, could
COST HIM FORTUNE**

DISGRACED star Mel Gibson is robbing the cradle – and could end up building one, too!

The unhinged 59-year-old has been hot to trot after sexy horse trainer Rosalind Ross, 24, since early this summer.

Now rumors are brewing that the aging stud, a father of eight with three grandchildren, has already knocked up his new gal pal!

"This new girl is almost young enough to be Mel's granddaughter," says a baffled insider.

"He's playing with fire!"

Rosalind originally hit up Mel's production company for a job.

Instead, she soon scored a gig as his girlfriend!

Her friends are now concerned that Rosalind may be pregnant, with the beauty giving up drinking and wearing baggy clothes while out with her aging sugar daddy.

Gramps Gibson scuttled his Hollywood career after hooking up with Russian model Oksana Grigorieva in 2009. They had a baby girl named Lucia before a bitter 2010 breakup that ended with allegations of abuse, plus damning phone calls and a \$750,000 payoff.

"It's clear Mel and Rosalind are happy together," adds the source.

"But it's obvious Mel hasn't learned anything from being with Oksana!"

Thousands of Plastic Surgeons Could Go Out of Business by 2017!

“When Dr. Oz featured phytoceramides on his TV show, he didn’t realize he might be responsible for putting thousands of doctors out of business.”

By Steph Weller

NEW YORK: Plastic surgeons are angry. And for good reason. The U.S. launch of the new “face-lift pill”, **Dermex-P**, might have them scrambling for new careers. Their “bread and butter” business; making older faces look young again, could go away tomorrow.

In a time when 50 is the new 30, the pressure to look younger is greater than ever. Perhaps this is why Americans spent over \$12-billion on anti-aging products and procedures — just last year. A number that had doctors and cosmetic manufacturers doing a jig in 2014 — but “not for long!”

Doctor Oz Exposes Hollywood’s “Age-Curing” Miracle to the World!

When TV’s **Doctor Oz** featured phytoceramides (the key ingredient in Dermex-P) on his show, he didn’t realize the damage he was doing. Everything that **Doctor Oz** said about the ingredient was true. “This is no ‘old wives tale’. It’s a scientific fact! The clinical tests are indisputable,” said one industry insider. And that’s the problem. It works too well! And that’s exactly what has estheticians and the cosmetic industry so worried. That would mean products and services like facials, Botox® injections and other means of making yourself look younger could soon be obsolete.

According to **Doctor Oz**, a recent clinical study conducted at Osaka City University in Japan proved the effects of phytoceramides on 6 men and 27 women. Each had wrinkles, age lines and sagging skin conditions that made them look

Real Stories, Real Results

“My husband left me for a younger woman last year and he took my self-esteem with him,” says 50 year old Lydia S. of Tampa, FL. “When I read an article about Dermex-P and how its main ingredient was clinically proven to restore a youthful appearance, I thought, “Why not?”. Lydia goes on to say with a smile, “What they say is true, living well is the best revenge. I have my confidence back and am dating men half my age. My friends and family cannot believe the difference!”

54 year old Joan from Phoenix, Arizona says “After using Dermex-P for four weeks, I looked in the mirror and felt like a 30 year old with 24 years of experience!”

What Would You Choose...

years older than they actually were. Typically, their skin was dry, inelastic, wrinkled and old-looking.

The study concluded when administered daily, the phytoceramides used in Dermex-P would moisturize and hydrate old skin to *identically mimic* the skin of people in their early 20’s. **Phytoceramides reverse wrinkles** through a process called elastase suppression and collagen production. Simply put, Dermex-P plumps away wrinkles using your body’s own collagen. And keeps your skin moist and smooth much like a humidifier keeps cigars fresh.

Not a Cream, Cover-up or Surgical Procedure

Dermex-P isn’t a drug, a cosmetic, or a messy cream. Dermex-P is something completely different. There are no needles involved – you don’t even need a **prescription** for it.

“9-out-of-10 users report; people accuse them of having surgery” says researcher, Joel Carson. **Dermex-P** actually youthens every cell in your body! Wrinkles fade, fine lines vanish and your skin is flooded with new moisture – from the inside out.

Doctors say **Dermex-P** is so effective, that in most cases, there’s no reason for anyone to go “under the knife”. It just works better! And because you take phytoceramides orally (through the mouth) instead of topically (on the skin), not only will the skin on your face look young – *virtually every organ in your body gets younger too.*

“I’ve seen some people start taking them and look like a different person just a month later!”

Says supplement manufacturer, Daniel Dembinski; “**Doctor Oz** was right! Phytoceramides are remarkable! I’ve seen some people start taking them and look like a different person just a month later. I know it sounds crazy but you can’t argue with facts. The pill is a better, more effective method than anything I’ve seen.”

Plastic surgeons aren’t the only ones furious about the U.S. release of Dermex-P. Hollywood execs are nervous about the launch too.

Celebrities make their fortunes on their looks. It’s what separates them from us. And today, the younger you look, the more acting jobs you get. Surgery and estheticians give celebs the edge over us mortal folk. But if everyone looked younger, Hollywood execs fear their stars may lose their appeal.

“It hydrates old skin to identically mimic the skin of people in their early 20’s”

Until recently, unless your name was **Angelina Jolie**; or you were married to **Donald Trump**, you had no idea what phytoceramides were. But now with the public release of Dermex-P; phytoceramides are available to all-- and shockingly affordable too.

Aging is Inevitable, Wrinkles are Not!

According to top plastic surgeons, **Dr. Shirley Madhere** and **Dr. Leif Rogers**, phytoceramides work underneath your skin to reverse aging. It’s instantly absorbed into the bloodstream, and is carried directly to the inner and outermost layers of your skin - restoring it on a cellular level. It just makes a lot more sense than other methods.

“This will undoubtedly have a tremendous impact on the future of cosmetic surgery. It has to.

Dermex-P is drastically cheaper in comparison. And it gives you shockingly similar results,” says one successful Beverly Hill’s surgeon. “The medical community is up in arms because the average cost of a facelift is about ten thousand dollars; and the recovery time is painful and can take as much as 2-3 weeks! We will soon start to see the trend steering away from medical procedures to a safer, more inexpensive solution like Dermex-P.”

The distributor of Dermex-P is offering a **100% Risk-FREE 30-day trial supply to anyone who asks**. They say, it’s the best way for people to see for themselves how well it works. Try it for 30 days – if your wrinkles don’t disappear from your entire face and neck, return the bottle, even if totally empty. You’ll be completely refunded – no questions asked. But no one’s promising this offer will stay open forever. Considering the demand for Dermex-P, the FREE trial supply could prove too costly for the company to keep up with. That’s why it’s important to call now before the FREE trial is no longer available.

We will also send you a FREE GIFT just for trying Dermex-P and of course you are backed by our unconditional 30 Day Money Back Guarantee on all of our products. It’s that easy! Call **1-800-735-2020** now before this offer is closed forever.

ROSIE & TATUM ARE SHACKING UP!

**TV queen
CAUGHT
IN GAY LIE**

Rosie O'Donnell is lying about her live-in love Tatum O'Neal, and Tatum's not taking it any more!

Despite her issuing heavy denials through her publicist, the truth is out about the 53-year-old talk show host's secret relationship with the former child star — as insiders tell GLOBE that O'Neal moved into O'Donnell's Nyack, N.Y., home months ago!

Sources say O'Neal, 51, just came to New York for a visit, but then quickly began shacking up with her close "friend."

The duo was even snapped on a cozy date at a popular Italian restaurant in Manhattan. They drank red wine, held hands and whispered like lovebirds, adds a witness.

Pals are worried that the hookup — coming

Tatum (left) and Rosie snuggle at dinner in NYC. An Instagram view from Rosie's Florida love nest (below)

Deanna Mico-ley. A serious romance with O'Neal will just add to her stress. But Tatum is ready for more.

Rosie and wife Michelle are splitsville

less than a year after O'Donnell's split from wife Michelle Rounds — is way too fast and will crash and burn. O'Donnell's already dealing with health issues, says a source.

Also, Rosie's troubled 18-year-old daughter, Chelsea, just moved in with birth mother

"I don't have one-night stands at all anymore," she says, "so unless somebody is meaningful to me, no one comes into my house, nor do I go into theirs."

In mid-September, O'Neal posted a photo online with the caption "my wife and i woo hoo!!!" from a setting easily recognizable as O'Donnell's West Palm Beach, Fla., vacation property.

She deleted the shot soon after, but the evidence remains: Tatum and Rosie are real, and there's no hiding it!

As a family walked along on the beach, they saw a girl picking up starfish and gently throwing them back into the ocean.

"If I do not throw them in before the tide goes out, they will die," she replied.

"The shoreline is scattered with thousands of starfish. You cannot possibly make a difference."

She smiled and threw another starfish into the sea. "I made a difference for that one."

HOMELAND SECURITY GOES INTO OVERDRIVE

Claire Danes wigs out when her CIA boss, played by Mandy Patinkin, visits in *Homeland* Season Five

FROM superspy to super-mom? *Homeland* fans will see a whole new side to Carrie Mathison when the hit Showtime series starts Season Five on Oct. 4.

The gritty cable series about a badass bipolar operative who constantly puts her life — and her ideals — on the line has Carrie (Claire Danes) turning her back on the CIA and all her former friends.

She has a new job as a security expert in Germany, which allows for some softer — even fuzzy — moments. Carrie's baby

daughter with hero-turned-traitor Brody (Damian Lewis) is now a cute toddler who needs tucking in and bike rides with her mom. Carrie also has a new flame — a nice guy named Jonas (played by *Inglourious Basterds*' Alexander Fehling) who hopefully won't get executed like Frannie's dad.

"Carrie has settled into true domesticity," say Danes. "She's doing great — for about five minutes!"

But her violent past is still circling around her. Show execs say "ghosts are everywhere."

Especially when a huge data breach brings trouble — and old boss Saul — to Carrie's doorstep.

Mandy Patinkin (Saul) says it makes for serious drama. "Saul's ignited. He's alive. And he will do anything it takes to make this world a better place."

The former pals have to get over their mutual mistrust to crack the case of cyber hackers uncovering state secrets.

"Who are the good guys and who are the bad guys? All of us! And that's what *Homeland* is trying to say," adds Patinkin.

TV FACT

The first couple to share a bed on TV was Johnny and Mary Kay Stearns, who played the titular Mary Kay and Johnny on a live 15-minute weekly sitcom from 1947-1950.

WESLEY'S BACK IN THE GAME

REMEMBER Wesley Snipes? NBC sure hopes so. The '90s action star hits the small screen in the new action drama *The Player*, airing Thursday nights at 10 p.m.

Snipes has kept a low profile since getting out of prison in 2013 after a two-year sentence for tax evasion. Now he's stepping into the shiny shoes of Mr. Johnson, the mysterious pit boss of a very elite casino. Instead of poker and slots, high-stakes gamblers make bets over a supercomputer's projections on

criminal activity all over the world.

"[Mr. Johnson's] job is to make sure that the game is played fairly and played by the rules," says Snipes. "Everybody abides by the rules – and if they don't abide by the rules, they get a spanking."

Security expert Alex Kane (Philip Winchester) takes a beating, too. It's his job to prevent crimes while high rollers bet on the odds of his success.

And which side of the gamble is Mr. Johnson on? "It depends on what he had to drink in the morning," warns Snipes, "or what he had to drink the night before!"

POLITICAL HEAVYWEIGHTS!

Téa Leoni
calls in
big names!

TÉA LEONI's *Madam Secretary* will get star-powered executive orders from Morgan Freeman and Eric Stoltz in the show's second season on CBS.

Oscar winner Freeman and *Some Kind of Wonderful* star Stoltz both serve as executive producers on the political-themed series. They've also directed episodes of the show, and now they're stepping in front of the cameras!

Look for Freeman's first appearance in the Oct. 4 premiere episode, playing a Supreme Court Justice who shares scenes with Leoni's Secretary of State Elizabeth McCord. It sounds like the kind of juicy role a producer would give himself — but insiders say that Freeman insisted on auditioning for the guest turn.

Stoltz will play Elizabeth's brother, Peter. The adventurer has a rocky past with his sibling and comes to town to settle old scores. His episode is set to air in November.

Real-life former Secretary of State Madeleine Albright will also appear this season. Maybe she'll give Téa some professional pointers!

FUTURE'S LOOKING GOOD!

FOXY Meagan Good is armed to the teeth with tech for FOX's futuristic police procedural *Minority Report*, based on the 2002 thriller starring Tom Cruise.

"It's a lot to learn: everything from how the gadgets work [to] what they're supposed to do specifically," she says.

The sci-fi show is set in the Washington, D.C. of 2065. Good plays Detective Lara Vega, who teams with Stark Sands as Dash – a type of psychic called a "precog," and who predicts crimes before they can happen.

Unfortunately, this futuristic D.C. generally frowns upon using precogs, with the program having been disbanded years before.

Good's "totally bad-ass" character also gets to play with shiny new toys, including a "selfie drone" that "comes off your wrist and goes in the air."

"It's just a really, really interesting world, and we're learning everything as we go," says Good. "It's not

AMERICA'S WORST DEADBEAT DAD!

26 KIDS BY 15 WOMEN ...
and he pays hardly any support!

TERRY Turnage, a 50-year-old from Tennessee, is America's most despicable deadbeat dad!

The creep has allegedly fathered 26 children but can't be bothered to support them — leaving behind 15 very angry women in Memphis and Forrest City, Ark.

"It got to me when he said, 'You're my Forrest City girlfriend.' I was like, 'How many girlfriends you got somewhere else?'" says 23-year-old Miesha Davis, mother of Terry's 24th child.

Miesha says she found out about Terry's extended family the hard way — by calling the Forrest City child support office for help.

"When I called, she was like, 'Who?' I said, 'Terry T. Turnage.' She was like, 'He's famous!'" Miesha recalls.

Terry has reportedly coughed up laughably little amounts of child support to other women, including Tara Smith, who's owed \$27,000 in back payments from Terry for their 15-year-old son.

On Nov. 1, 2014, Terry

appeared at a hearing and testified he had "no income."

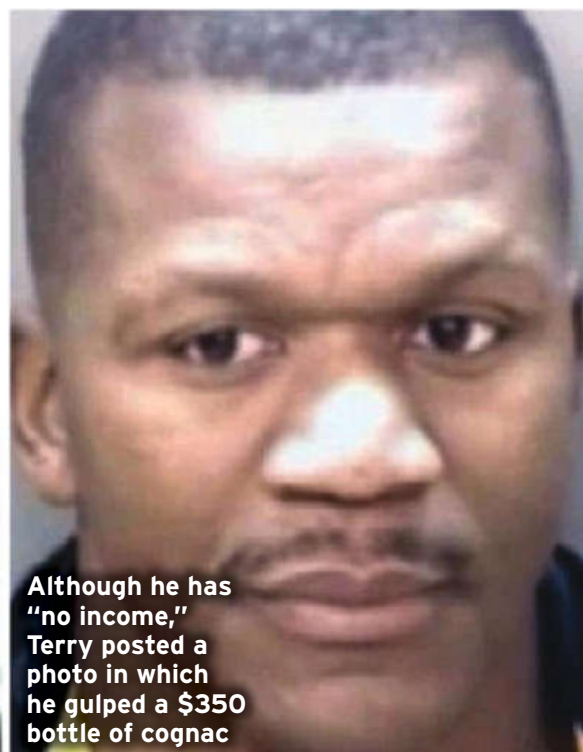

But when he was locked up later that month for owing more than \$6,000 in back support, he paid up that same day and was released.

And despite longtime claims that he's penniless, Terry's social media activity tells a drastically different story. On his Facebook page he brags about a recent lavish birthday bash in Memphis at Club Envy, where he's listed as part owner. He posted a picture of himself at the event drinking from a \$350 bottle of Hennessy cognac.

While the dirtbag has listed several Memphis properties as his address, each is registered to other family members or business associates — masking Terry's real net worth.

If an owner puts a piece of property "in someone else's name, that would be an effective way to hide those assets," says Memphis family attorney Miles Mason.

Miesha tells GLOBE: "He should step up and take care of his responsibilities like a real man!"

Although he has "no income," Terry posted a photo in which he gulped a \$350 bottle of cognac

LENNON'S KILLER CASHES IN ON MURDER

Mark David Chapman using the slain Beatle to spread his ministry

JOHN Lennon's cold-blooded killer Mark Chapman is using his despicable slaying of the former Beatle to grow his own fame — and ego!

Riding on the back of his self-penned religious tract *The Man Who Shot John Lennon*, Chapman is painting himself as a changed man who has seen the light and urges people to follow him. The monster's work includes a biography of his life, his bouts with depression and the feeling of "inadequacy" that drove him to murder the beloved Beatle on a New York City street in December 1980.

With Lennon hours before murder

their way around prisons in the U.S. and overseas.

The 60-year-old killer was denied parole for the eighth time last year despite begging the parole board — and the world — for forgiveness.

But privately, sources say, he believes he is a man to be followed and his wife Gloria obediently distributes his message from a home in Hawaii.

In her hey-day, Linda sported her trademark glamorous locks

BALD TRUTH ABOUT BRAVE LINDA!

Evans' hair is falling out after back surgery

LINDA Evans, a glamour icon during her *Dynasty* reign, suffered a severe cancer scare recently when she began losing her hair, *GLOBE* has learned.

The 72-year-old actress was forced to wear a hat or a wig, but learned — to her relief — her hair loss was a side effect of back surgery.

"Linda's had her share of ups and downs in her life, but thank goodness cancer isn't one of them," a pal tells *GLOBE*. "She's terrified of it. Her dad's death still haunts her to this day."

Linda sans some locks

Linda lost her father to cancer when she was a teenager.

Her latest medical crisis occurred after she underwent surgery late last year.

"My back surgery gave me a chance to be out of pain," Linda reveals on her Facebook page.

"And now I've lost over half of my hair ... the by-product of that choice."

"If you see me and I'm wearing a blond short wig or I've got a hat on, this is who I am right now. This is the beautiful truth."

Hair loss is not unusual following surgery, according to a medical expert. "The main cause of sudden hair loss is stress, whether psychological or physical," says Dr. Stuart Fischer, who has not treated Linda.

"It can also come as a result of severe pain, as well as a reaction to surgery."

"Fortunately, stress-induced hair loss is reversible since the hair follicles are not damaged."

CRYBABY BUSH BREAKS DOWN!

**HUMILIATED
JEB WEEPS AS
TRUMP DERAILS
HIS WHITE HOUSE
DREAM**

Jeb Bush knows that Donald Trump has him on the ropes

JEB BUSH is a bawling and broken man as his bid for the White House gets swamped by a tidal wave of support for rival Donald Trump, insiders reveal in a world exclusive.

GLOBE has learned the shattered brother of former President George W. Bush — and son of ex-President George H.W. Bush — has been left in tears by Trump's stunning success and vicious taunts.

'Kicking my ass'

"This is a disaster," a weeping Bush told aides in an emergency campaign meeting. "Trump's kicking my ass!"

A source says Bush is humiliated and frustrated because he hasn't lived up to his family's shining history of landing a seat in the Oval Office.

"Jeb had been crowing that it was his turn to move into the White House," the insider says. "He wanted to show that he could be a better President than either his brother or dad."

"But he's going down in flames. Trump is on his mind 24/7 and he's absolutely devastated!"

To make matters worse, Jeb isn't getting any sympathy

from his brother or father. "Both are convinced Trump has Jeb's number and his lead is insurmountable," says the source.

"W had a heart-to-heart discussion with Jeb about dropping out now, and told him he can try again in four years without being labeled a loser."

"But Jeb says he's in it for the long haul — even though his campaign's stalled over Trump's attacks!"

JEB

FOR ALL YOUR SLEEPING NEEDS

Trump released a video of a woman in a hat (circled) dozing during a Bush campaign speech

In the televised Republican debate on Sept. 16 Trump ridiculed Jeb's "low energy" personality.

Earlier the billionaire poked fun at his opponent with a video of a woman falling asleep during one of Bush's speeches. It's sarcastically presented as a sleep-aid commercial.

The Washington Post noted, "The ad's tagline — 'Jeb: for all your sleeping needs' — is absolutely brutal."

The paper also scoffed, "Can you imagine Bush posting a video that suggests Marco Rubio is so boring he puts people to sleep?"

"No. Trump can — and is willing to — say things that no one else in the race would ever dream of uttering in public."

Says the source, "It's all too much for Bush. He's not going to last in this race!"

FLASHBACK

MESMERIZING MONROE!

MARILYN MONROE knew all about making an entrance and pulled out all the stops for the 1954 premiere of *There's No Business Like Show Business* – looking simply skin-credible! A few months earlier, the blonde bombshell posed wearing no clothes at all in the first issue of a then-unknown magazine called *Playboy*. Since then, everyone from Madonna to Debbie Harry to Lindsay Lohan have tried to imitate Marilyn's sizzling sex appeal. But nobody comes close!

Brazil Expedition Uncovers Thousands of Carats of Exquisite Natural Emeralds

Brandish a whopping 50 carats of genuine South American emeralds in a handcrafted new necklace design for less than \$100!

Halfway into our ambitious trek through the rain forest I had to remind myself that "Nothing good comes easy." These days it seems that every business trip to Brazil includes a sweltering hike through overgrown jungles, around cascading waterfalls and down steep rock cliffs. But our gem broker insisted it was worth the trouble. To tell you the truth, for the dazzling emeralds he delivered, I'd gladly go back to stomping through jaguar country.

Now our good fortune is your great reward. Don't miss this rare opportunity to own an impressive 50 total carat strand of genuine South American emeralds for under \$100.

Faced with this embarrassment of riches, our designer transformed this spectacular cache of large stones (each is over 8 carats average weight) into a stunning 50 total carat necklace of faceted emeralds set into .925 sterling silver. Each emerald is surrounded by delicate sterling silver rope work and filigree in the Bali-style. The 18" necklace dangles from a sterling silver chain that fastens with a secure double-sided shepherd's hook clasp.

What is the source of our emerald's timeless appeal? The enchanting color of the Stauer **Carnaval Faceted Emerald Necklace** comes from nature's chemistry. Our polished and faceted, well-formed natural emeralds are immediately recognized as something special. Indeed, when we evaluated these emeralds, color was the most important quality factor. Today, scientists tell us that the human eye is more sensitive to the color green than to any other. Perhaps that is why green is so soothing to the eye, and why the color green complements every other color in your wardrobe.

Emeralds are, by weight, the most valuable gemstone in the world. Now you can wear genuine emeralds and feel great about knowing that you were able to treat yourself to precious gems without paying a precious price. A top-quality 50 carat emerald necklace found on Rodeo Drive or 5th Avenue could cost well over \$100,000...but not from Stauer. Wear and admire the exquisite Stauer **Carnaval Faceted Emerald Necklace** for 60 days. If for any reason you are not dancing the Samba with pure satisfaction after receiving your faceted emerald necklace, simply return it to us for a full refund of the purchase price. But we're confident that when you examine this stunning jewelry, you'll be reminded of the raw beauty of the Amazon rain forests mixed with the flash and dazzle of the exotic Carnaval in Rio de Janeiro. Call today! This cache of genuine emeralds is extremely limited.
